Shanta – I was wondering if there were any updates relative to the Aldicarb question I had posed in my original message to this email string. Thanks.

Hi Randy,

I am forwarding your email to PM Shanta Adeeb (cc'd) to further assist you with your enquiry. Aldicarb is in her team.

Best,  
Aswathy

Good Morning,

I work in the EPA Region 4 office and serve as the Project Officer/EPA contact for Florida Department of Agriculture and Consumer Services (FDACS).

I am looking for some updated info relative to ongoing consideration of Ag Logic's Aldicarb products. FDACS has reached out and said Ag Logic reps relayed this decision is expected NLT September 14<sup>th</sup> under PRIA. FDACS has some issues they will need to address as the final determination draws close, so they do want to ensure they are ahead of this, as they also anticipate some push back from some groups in Florida, if the product is approved for use.

Can you provide any updates or provide someone that I can communicate further with on these issues and the timeline?

Thanks.
